EMPLOYMENT OPPORTUNITIES

THE CITY OF WHITE PLAINS
DEPARTMENT OF PUBLIC WORKS

ELECTRONICS FIELD TECHNICIAN

Salary Range: $77,812 - $100,275 (Employees hired on or after 02/06/2017)
$88,252 - $118,660 (Employees hired before 02/06/2017)

GENERAL: Under general supervision, the incumbent of this class performs technical work related to the layout, installation, testing, calibrating, software programming, troubleshooting, repair, and modification of a wide variety of complex electronic, electric and electro-mechanical building operating system and equipment (exclusive of data information systems). These may include (but not limited to) HVAC digital control systems, water SCADA systems, Burglar Alarm systems, card access systems, CCTV systems, automated fueling systems, copper and fiberoptic cabling and wiring (inside and outside plant), electrical wiring and conduit installations, equipment installations for network and telecommunication systems, and others, as they are implemented by DPW. Responsibility also involves related system maintenance and general repair work to insure the smooth and efficient operation of buildings and facilities. Incumbent must be accessible to respond to 24 hour emergency call backs for repairs or systems malfunctions. Supervision is exercised over lower level maintenance staff.

MINIMUM ACCEPTABLE EXPERIENCE AND TRAINING: Possession of a high school or equivalency diploma and either:

A) Five (5) years experience in HVAC Digital Controls Maintenance and Installation, including Direct Digital Controls (DDC), Supervisor Control And Data Acquisition (SCADA), and HVAC maintenance and installation.

B) Satisfactory completion of 30 credits in computer technology, mechanical engineering, electrical engineering, electronic engineering or systems engineering or other closely related field from a recognized college or university* may be substituted for each year of the above experience to a maximum of two (2) years;

C) Successful completion of a training course with certification in electronics or systems maintenance from a recognized trade school or by systems manufactures may be substituted for one year of the required experience.

SPECIAL REQUIREMENT FOR APPOINTMENT: 1) Possession of a valid license to operate a motor vehicle in the State of New York, and **2)** Possession of EPA Universal Certification

***NOTE:** Your degree must have been awarded by a college or university accredited by a regional, national, or specialized agency recognized as an accrediting agency by the U.S. Department of Education/U.S. Secretary of Education. If your degree was awarded by an educational institution outside the United States and its territories, you must provide independent verification of equivalency. A list of acceptable companies who provide this service can be found on the Internet at http://www.cs.nygovjobseeker/degrees.cfm. You must pay the required evaluation fee.
