TYLER SEIFERT 2021

Public Works Person Of The Year

Tyler Seifert was born in Mount Kisco and raised in Carmel, NY with his mother (Alice Seifert), father (Fred Seifert), and brother (Eric Seifert). He attended the Carmel Central School District where he graduated Carmel High School in 2007.

He went on to attend college at Pace University and graduated in 2011 with a degree in Business Administration. After attending undergraduate school Tyler went on to pursue a Masters Degree in Public Administration with the concentration of Government. Where he graduated in 2013. During Tyler's time pursuing his education he would work the summers as a seasonal employee for the Village of Rye Brook Highway Department as a laborer.

In 2015 Tyler was given the opportunity to join the Village of Scarsdale as the Assistant to the Superintendent of Public Works where he still works currently. He strives to deliver exceptional administrative and operational services, including infrastructure improvements, general maintenance, capital improvements, in an efficient and effective manner, through a proactive and equitable approach, emphasizing responsiveness to Scarsdale residents while being mindful of budgetary limitations.

In his time in Scarsdale he has helped create the first ever Food Scrap Recycling program in Westchester County.

Tyler has been a member of WCAMPWA (Westchester County Association of Municipal Public Works Administrators) and APWA (American Public Works Association) for the past six years. Tyler has served as the Treasurer for WCAMPWA for the past three years. He has served as a Director in APWA SENY Chapter for the past year and will be moving to become Treasurer in the upcoming year.

On his free time he likes to stay active. He likes to compete in CrossFit and play golf with his friends.

400U/T Dump Body

*A continued tradition
since the early 1900's*

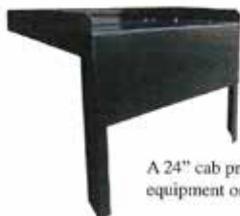

Tough & Versatile

The rugged design of the Galion 400U/T series body makes it ideal for heavy loading and hauling conditions. This product is suitable for contractor, municipal and other applications where durability is key. The 400U/T series is available with front mount telescopic or underbody hoist to meet your most demanding requirements. Known the world over, Galion bodies provide the ultimate in dump body engineering, longer lift and maximum performance.

- Available in 9' and 10' lengths
- Material-shedding boxed top rails
- For 72"- 84"CA
- 8 gauge floor and sides
- Double acting tailgate
- 6-panel tailgate
- Tarp-friendly upper gate hardware
- Full-depth rear corner posts

A 24" cab protector is standard equipment on the 400U/T

Visit Galion and all affiliated companies on the world wide web.
