President's Message

Dear WCAMPWA Members:

I am honored and excited to serve as your WCAMPWA president for the group for 2025. Last year, we celebrated our 50th anniversary, and this year, I will do my best to continue the legacy of our past presidents and build on the hard work of the Executive Committee and our selected committee members.

Our Executive Committee will also work hard this year to try and increase our membership, especially by including more young professionals. We need to maintain our existing crowd and try to bring more people to our events by providing great programs and affordable pricing for our municipal employees and vendors. My goal is to get new blood into the mix to spread some of the workload. I ask that all of the newer members speak up, get involved and make our organization the best it can be.

I would also like to work this year to get Public Works Departments recognized more as First Responders throughout Westchester County. Homeland Security and others publications have clearly identified Public Works as "First Responders" and its important we are recognized as such. In many instances Public Works is never clearly identified or recognized during a catastrophic event or storm where they are undoubtedly involved and provided key equipment, labor and expertise to get through the event.

As we move forward into the new year, I am excited to share some of the key initiatives and programs we have planned. We hope that these programs will be intriguing to you and provide learning opportunities that can benefit you and your Community's. As always, we look forward to member participation during our monthly meetings and welcome new ideas and suggestions,

Please be aware of our email blasts containing newsletters, meeting information, training and job opportunities, etc. Please also express any interest to volunteer for serving on the executive or ad-hoc committees.

Thank you once again for your continued participation and dedication. Please do not hesitate to contact myself or any members of the Executive Committee with suggestions or input. I look forward to engaging with all of you in proudly serving the WCAMPWA organization.

Respectfully,

Stephen Ferreira, P.E.
President
WCAMPWA
Town of Cortlandt
